Subject: Automatic reply: Proposed Labeling for Neonicotinoid Products
Date: Monday, July 29, 2013 5:09:50 PM

I am currently working outside of the office and will return on Tuesday, July 30, 2013. I will be monitoring my email, however, you should anticipate a delayed response. Should you need more immediate assistance during normal working hours, please contact Rhonda Bates at rhonda.bates@vdacs.virginia.gov or 804-225-2223. For pesticide incidents effecting the environment or human health that need immediate attention, please contact 911 or your local poison control center. Thank you.
